<p>This an opportunity to own these classic coins rolled on Clad Quarters at the bargain price of \$3.50 each or the entire set of 12 for only \$36.00 post paid. Note: I purchased the Elongated Museum from Gus Meccarello and these dies are now in my possession. I had them altered by adding a clover leaf to each of them. Consequently, additional re-rolls from the original dies will never again be available.</p>
